

**25th annual meeting of the Club Exocytose-Endocytose
Lacanau (Gironde), June 1-3, 2023**

Preliminary Programme

Thursday June 1st

11h30-12h30: **Welcome and registration**

12h30-14h: Lunch

14h15-14h30: Opening remarks and introduction

14h30-15h10: **Keynote Lecture** Shigeki Watanabe (Johns Hopkins University, USA).

Spatial and temporal control of synaptic vesicle exocytosis and recycling

15h10-16h25: **Session 1 Neurobiology** 4 selected talks

16h25-16h45: coffee break

16h45-18h30: **Session 2 Extracellular vesicles** 4 selected talks

18h45 – 21h00 Wine tasting and dinner

21h00-22h45: **Poster session I**

Friday June 2nd

8h45-9h25: **Keynote Lecture** Emmanuel Derivery (LMB, Cambridge, UK)

Mechanisms of polarized trafficking induced by cytoskeleton asymmetries

9h25-10h40: **Session 3 Mechanobiology** 4 selected talks

10h40-11h00: Coffee break

11h00-12h15: **Session 4 Endocytosis** 4 selected talks

12h15-13h15 Lunch

13h15-16h15 Free time by the ocean

16h15-16h55: **Keynote Lecture** Francesca Bottanelli (Free University Berlin, Germany)

Dynamics of the secretory pathway at high spatial and temporal resolution

16h55-18h10 **Session 5 Exocytosis** 4 selected talks

18h15-20h00 **Poster Session 2**

20h30 Gala Dinner

Saturday June 3rd

9h00-10h30: **General assembly of the Club Exocytose-Endocytose**

10h30-10h50: Coffee break

10h50-11h10: **Thesis Prize Lecture**

11h10-12h25: **Session 6 Lipid and membrane contact sites** 4 selected talks

12h25-12h45: **Best presentation prizes and closing remarks**

12h45: Lunch and departure
