

**23<sup>e</sup> congrès annuel du Club Exocytose-Endocytose**  
« Biologie normale et pathologique du trafic membranaire ».  
**Programme préliminaire**

Thursday June 10<sup>th</sup>

11h30-12h30: Welcome and registration

12h30-14h: Lunch

14h15-14h30: Opening remarks and introduction

14h30-15h15: Plenary speaker **Rúben Fernández Busnadiego** (Georg-August University, Göttingen, Allemagne)

“How cryo-electron tomography uniquely unveils the molecular architecture of Membrane-Contact-Sites (MCS)”

15h15 - 16h45: Session 1 **Membrane Contact sites in cancer and normal cells**

*Chaired by Fabien Alpy and Sylvette Chasserot-Golaz:*

- 4 selected talks

16h45 - 17h15: *coffee break*

17h15 - 18h45: Session 2 **Lessons from pathogens**

*Chaired by Florence Niedergang and Raphaël Gaudin*

- 4 selected talks

19h00 - 20h30 dinner

20h30-22h30: **Posters session I**

Friday June 11<sup>th</sup>

8h30-9h15: Plenary speaker **Dr. Volker Haucke** (FMP, Berlin, Germany)

“highlight a crucial function of the autophagy-endosomal system in our understanding of neurological diseases”

9h15-10h45: Session 3 **Membrane trafficking in neurons and neuroendocrine cells**

*Chaired by Nicolas Vitale and Claire Desnos*

-4 selected talks

10h45-11h15: Coffee break

11h15-12h45: Session 4 **Exosomes and microvesicles**

*Chaired by Graca Raposo and Rémy Sadoul*

-4 selected talks

13h-14h: Lunch

14h00-14h45: Plenary speaker **Dr Roméo Ricci** (IGBMC, Illkirch, France)  
“How innate immune receptor requires signaling from the Golgi prior inflammasome assembly and activation?”

14h45-16h15 **Session 5 Exocytosis**  
*Chaired by Gaelle Boncompain and Lydia Danglot*

- 4 selected talks

16h15 - 16h45: *coffee break*

16h45-17h30: Plenary speaker **Dr Sara Sigismund** (European Institute of Oncology, Milano, Italy):  
“How the integration of distinct endocytic pathways and inter-organelle crosstalk regulate EGFR signaling in cancer ?”

17h30-19h00: **Session 6 Endosomal trafficking and signaling in cancer and normal cells**  
*Chaired by Christophe Lamaze and Guillaume Montagnac*

- 4 selected talks

19h00-21h00: **Posters session II**

21h: Gala Dinner

Saturday June 12 <sup>th</sup>
--------------------------------

9h00-10h00: **General assembly of the “club Exocytosis-Endocytosis”**

10h00-11h30: **Session 7 Physics and membrane dynamics**  
*Chaired by Delphine Muriaux and Ludger Johannes*

-4 selected talks

11h30-13h00: **Session 8 Alteration of membrane trafficking in cancer cell**  
*Chaired by Catherine Tomasetto and Stéphane Gasman*

-4 selected talks

13:00 Best presentation prizes and closing remarks
